

Technical Data Sheet

PRODUCT IDENTIFICATION

PRODUCT NAME:

DEV239

PRODUCT TYPE:

VAE ADHESIVE

STATUS:

STOCK ITEM

DATA SHEET VERSION:

012

DATE OF ISSUE:

18th APRIL 2020

MANUFACTURER:

Ace Adhesives Limited

TECHNICAL DATA

SOLIDS CONTENT:

51 - 56%

Infra Red Moisture Analyser

VISCOSITY:

3800 - 4400cPs

Brookfield RVF 4/20/25°C

USING TEMPERATURE:

Ambient

DILUTION:

Use neat as received

APPLICATION INFORMATION

MAIN USAGE:

All applications where adhesion to difficult surfaces is required. Recommended for casing-in of books, board laminating and printed carton manufacture

MACHINE TYPES:

All roller & pump fed casing-in lines. All high speed carton lines where adhesive is wheel applied.

RUNNING SPEEDS:

Dependant on machine type and compression time

SUITABLE MATERIALS:

Coated & uncoated paper, board & bookbinding materials

ADDITIONAL INFORMATION:

All ingredients meet the requirements of
FDA CFR21 175.105 Adhesives

PACKAGING DETAILS

PACK SIZES:

25Kg polythene bottles

1000Kg IBCs

PALLET SIZES:

1200mm x 800mm

1200mm x 1000mm

FULL PALLET WEIGHT (NETT):

600Kg (24 x 25Kg)

1000Kg

STORAGE:

Store between 5 - 25°C. Storage outside of the suggested temperature range could adversely affect the properties of the adhesive
